ALDERLEY EDGE SCHOOL FOR GIRLS CELEBRATES OUTSTANDING A LEVEL RESULTS

Alderley Edge School for Girls is celebrating the success of its Year 13 students in their A Level and BTEC examinations.

This year, 76% of all grades achieved were A* - B, the highest figure compared to the last three previous years, with 100% pass rate across all the examinations sat. 52% of grades were between A* - A, with an outstanding 27% of students achieving A* - A grades across all of their subjects.

AESG girls took A levels across a range of 18 subjects. In 11 of those 18 subjects there was an exceptional 100% A*- B pass rate. These subjects included Biology, Chemistry, Economics, Geography and History.

Individually, students are moving on to study a wealth of subjects across the country. Hattie Hamriding achieved 2A* and an A and is going to study History and Political Economy at King's College London. Jasmine Khan, our Head Girl, will be studying Medicine at the University of Nottingham having achieved 2A* and an A. Laura Wolstencroft gained an impressive A* and 3 As and will study Mathematics at the University of Bath, whilst Mya Taube received A*, A, B and will be studying a foundation diploma in Art and Design, in Manchester.

Headmistress, Mrs Wood, said: "I am delighted to celebrate the remarkable achievements of our students in this year's A Level examinations. The girls' outstanding results reflect their commitment, hard work and resilience in what have been a very difficult few months as the School prepared for its closure. I could not be more proud of these girls and the exceptional results they have produced, and we are immensely grateful for the support of our talented staff and school community throughout the year. I look forward to seeing what these brilliant students will go on to achieve and thank them for the wonderful contribution they have made to AESG".

Head of Sixth Form, Ms Pinder, added: "I am incredibly proud of our Year 13 girls as they receive their results today. They are an amazing group and they have demonstrated diligence and determination throughout the year. The whole staff body wishes them the best of luck as they move on to the next stage of their lives, which no doubt will be full of great successes."

It is with heavy hearts that the School closed its doors at the end of the 2025/2026 academic year. However, these achievements provide a fitting end to the School's legacy and demonstrate the wonderful way in which AESG girls contributed to life at the School.
